Description

Investment Opportunity — Residential Development in Geroskipou, Paphos

An attractive investment opportunity in Geroskipou, Paphos, offering a newly launched residential development available for purchase, including both the land and the apartment building.

The project comprises two separate residential blocks, which are available for purchase individually. This provides an interesting opportunity for investors looking to acquire a complete development project in a desirable and well-established residential area of Paphos.

The development is ideally located just 200 metres from shops and everyday amenities, offering residents convenient access to everything they need for daily life.

Combining a prime location, modern architecture and quality construction, the development is designed to provide comfortable contemporary living while offering strong potential for long-term investment.
