Description

An eden of discovery, wellness and adventure The exclusive neighbourhoods and private homesites at Minthis capitalise on incredible views, positioned around the golf course, children's playgrounds and world-class amenities. Perched on a tranquil hilltop, resting in 5 million square metres of a Natura 2000 protected landscape, this authentic residential retreat offers true escapism and cultural discovery. Inspired by local Cypriot dwellings, the pioneering architecture is a unique balance of modernity, tradition and the natural world. All properties – Residences, Villas and Suites – harmonise with the topography to capture the light, harness cool hillside breezes and frame the extraordinary views. Nature is an ever-present element at Minthis. The 18-hole championship golf course moulds itself to the landscape, passing walnut and fig trees, olive groves and the historic 12th century monastery. World-class chefs use seasonal ingredients from the surrounding countryside to create dishes that are a fusion of modern Mediterranean flavours. Countless nature trails balance serenity and pathways for adventure – mountain biking, horse riding, hiking – while peaceful courtyards and gardens welcome outdoor yoga or quiet reflection. Just 10 minutes from Minthis lies Pafos, a beautiful and vibrant city that is captivating in its contrasts. A cosmopolitan hub, Pafos combines stunning palm-fringed beaches, stylish boutiques, lively cafés and world class restaurants, with colourful archaeological sites, rustic tavernas and charming colonial backstreets. Add to this the city's thriving arts scene – concerts, plays, screenings, exhibitions – and it is no wonder it has become a European Capital of Culture 2017. Design: Holistic Harmony The essence of Minthis echoes Stoicism, an ancient Greek school of philosophy, which encourages living a life in harmony with the universe and in agreement with nature. Just as Stoicism teaches, Minthis inspires a mode of thinking that counsels: I don't have to be here, I choose to be, and to enjoy the instant of life. In bringing Minthis to life, Pafilia made a commitment to sustainable design that will ensure a sensitive balance is struck with the natural surroundings. In fact, Minthis is situated on a protected Natura 2000 site of some five million square metres, of which only 3% will be developed. The resort is the result of valued partnerships between the acclaimed residential developer...
